Title of the document

Subtitle #1

Text is normal, then **bold**, then *italic*, then <u>underscore</u>, and finally normal again. Now strikethrough, then double strikethrough, and underscore differently - <u>with dashes</u>. Another underscore is marked <u>with yellow</u> <u>wave line</u>. And then – underscore and strikethrough <u>together</u>! Here we have a superscript¹²³ and a subscript₄₅₆. This part of text has <u>a red background</u>. These words are shadowed to right side, these – shadowed (red) to top side, and these – reflected to bottom side. These two words are outlined with red solid line, and these two words – with solid dashed blue line¹. These words have a gradient — from left top to right bottom². By the way, this entire paragraph is left-aligned.

This text is usual, but written with Arial font. This sentence is normal (Calibri), but font is drawn with red color. And now we have a green text. By the way, this entire paragraph is right-aligned.

Table name 1

Cell 1,1 (Italic)	Cell 1,2 (left)	Cell 1,3 (right)	Cell 1,4 (center)		
Cell 2,1 (bold)		Two vertical cells are	Cell 2,4 (justify)		
Cell 3,1	Cell 3,2	merged together	Cell 3,4		
Two horizontal cells are merged together		Cell 4,3	Cell 4,4		
Cell 5,1					
Cell 6,1					
Cell 7,1	Merged 3 horizontal and 3 vertical cells (align – bottom right)				
		Cell 8,3			
Cell 8,1	Cell 8,2		Cell 8.4		

78 MiB? Not a little. This sentence has a 12pt font size. It has a ^{superscript} and a _{subscript}. Again 11pt font size. I decided not to install MSI-pack. Why I must do it, when I can use 7zip, for example, to open it? When I had opened it, I saw,ⁱ why installer is so big — it is because it contains compiled versions of one library for different versions of .NET Framework. Interesting approach.ⁱⁱ By the way, this entire paragraph is center-aligned. Hyperlink to the anchor blow.

¹ Standard footnote on page #1.

² See <u>https://www.techrepublic.com/blog/microsoft-office/highlight-text-with-the-gradient-fill-effect-in-word/</u>

After googling for a several seconds I've found Aspose.PDF for .NET on Softpedia website: <u>http://www.softpedia.com/get/Office-tools/PDF/AsposePdf.shtml</u>

THIS TEXT IS USUAL, BUT "ALL CAPS" MODIFIER IS APPLIED.

Кол-во бит	Знаковое	вое Беззнаковое	
8	SInt1 [-127 ; 127]	UInt1 [0; 254]	
16	SInt2 [-32767; 32767]	UInt2 [0; 65534]	
32	SInt4 [-2147483647; 2147483647]	UInt4 [0; 4294967294]	
64	SInt8 [-9223372036854775807; 9223372036854775807]	UInt8 [0; 18446744073709551614]	
128	SInt16 [?; ?]	UInt16 [0; ?]

another paragraph⁴.

Subtitle #2

One of the most rapidly growing features in the GroupDocs.Viewer for .NET is a watermark support^{iv}. With this feature you can place any text over the document and specify a set of parameters which are discussed below. Watermarking allows you to add text to the document; this

Small table		t		+	<
	Shifted to right	Vertical tex	bottom	rom top to	ertical text

text will be placed over the document, overlapping the document content. By the way, this entire paragraph is justified. It has 1.5x inter-string multiplier.

Because of its intrinsic nature GroupDocs.Conversion can be used in any .NET application: desktopbased like console applications, WinForms, WPF, Windows services and web-based like ASP.NET, including WebForms and MVC. First string in this paragraph has indent. Line-spacing is single. Paragraph has a green background. THIS SENTENCE IS FORMATTED AS SMALL-CAPS. AND THIS IS FORMATTED AS ALL-CAPS. The entire paragraph is justified.

This paragraph is left-aligned. This sentence is bounded by borders from all four sides, and this word has a yellow background. Its first line also has an indent with custom length, which is equal to 2.5 units (according to the ruler). This part of the sentence has increased letter spacing, and this decreased. This part of the sentence is shifted to the top, and this – to the bottom. Here are: hyphen (-), medium dash (-), long dash (-). This sentence is underlined – all its words are underlined with solid blue lines, but spaces between words – not. This sentence is also underlined, but completely and with default (black) dashed line. In this sentence kerning is enabled. Scale of this sentence is 66%. And this one has 150%. Here is an anchor. Finally, there is a bottom horizontal line, which was formed by applying four subsequent "-" characters, below this paragraph.
