Business Plan

It is recommended to complete the Executive Summary last, after all of the other sections have been completed. As information is filled in, from the Company Overview to the Financial Plan, the writing should tell the story of the motivation and vision behind the business. Be sure to include what will make the business successful, how success will be achieved, and how success will be measured.

It is important to keep the business plan updated in order to see progress, celebrate success, and adjust where issues arise. This is best done on a quarterly, if not monthly, basis.
